PAST PROGRAMS

The past month has seen the club going along with its usual good happenings. Oct 1st we were guests of hams of the RCA television division and inspected the assembly line after a talk on how it works. Roland Boughton arranged the details of this visit so our thanks to him. Oct. at the business meeting the new constitution was read and several changes made and then a call for a vote was made. At this time it was discovered that not enough were in attendance to vote on the amendment so no action was taken at the time. New action will take place following the initiation November 19th. Our auction on Oct. 15th with Earl Springer doing the honors was a circus and some good apparatus changed hands. The club visited the plant of the Indianapolis Bleaching Company and saw how cotton was processed into cotton cloth. This was a very interesting trip and few of us never even knew that Indianapolis had a manufacturing plant such as this in the city. Dr. Emery Miller talked on printed circuits Oct. 29th. He illustrated his talk with slides and the technique of making circuits up on the tubes themselves as well as on the supporting material was shown and talked about.

BIRTHS

Maybe our heading last month of happy events started the ball rolling because we have still more to announce this month.

1. Kevin Wood Nelson arrived Tuesday morning at 3 AM. This makes one boy and his sister Margaret for the Nelsons, Dorothy and Paul. Congratulations mom and Pop.
2. Ray Braun announced a junior opr. who arrived Oct. 5th at 11 PM. This the second y1 for the Brauns was named Linda Susan. Pop says this adds more QRM in the shack. Our congratulations to the parents.
3. Robert Michael Flanders is the name of the new arrival at the Flanders. We are sorry to report that Dad is not well at this time however and we hasten to explain that isn't like the doctor's brag that he hadn't lost a fether yet. Bob, Dad that is, is on the sick list because of the lack of red corpuscles an after effect of his giving blood. We congratulate the parents and wish Bob a speedy recovery.

EXPLANATION

This issue of Amachewer goes out in two different forms this month. To the general mailing list the regular edition of the paper will reach you, those paid up members of the club will receive in addition a copy of the proposed addment to our club Constitution and in addition a list of those club members who are eligible to vote (by virtue of being paid up to the current month (date of list November 1, 1948)) as well as those eligible to hold office by having been a member of the club for a year. The nominating committee report is included with the latter group. If your name does not appear in the list please check with the treasurer so that you will be eligible to vote on election night, you can obtain your copy of the Constitution as well as the membership list at that time.

NEWS

Norman White, W9EWO, is on 2 meters rather regularly now in Lebanon and works into Indpls rather consistently.

Jake Worley is getting along a lot better now, he is home from the hospital now. Call him up or drop in and see him.

The club heard from Dr. R. J. Pickhardt down Franklin way. He has moved to 244 East King St. when down that way drop in and see the Truthful Gentleman in the garden spot of the world.

Winners of prizes in the Cincinnati Radio Club picnic were listed as follows in their publication "Mike & Key". Hallicrafter Telv rcvr to Ann Liberti (4NME's XYL), HQ-129X rcvr to Raymond Tape, W8LNJ, the Meissner Signal Shifter to Al Johnson, W8RHG.

The wood shop advises us that our bulletin board will be up before long. This is in exchange for an amplifier that George Wood, W9CZO built up for said wood shop. Thanks George for the nice job.

If you want to see more news in this section turn your doings into the editor.

Doc Ferguson, W9APG is back home after a trip to the hospital to be carved on. He is getting in a lot of contacts while at home.
